Dear Mr. Wasson:

Thank you for visiting our site. I hope you realize that we are very anxious to clean up this adjourning property.

The two very large tanks below our property that you viewed on the beach were moved there from Sesko's beach, by Mr. Sesko, about approximately 90 days ago without our knowledge or permission. They are not items we would want there under any circumstances.

As concerns the 12 boats on the beach, we have no first hand knowledge of their ownership, except the very large ship which belongs to (b) (6) . We do know that they were all placed there by Bill Sesko, and some paid moorage fees. We also know that parts from some boats were sold by Mr. Sesko. Most of the boats are bought and sold with bill of sales and not a transfer of titles.

Please call me if you need additional information.

Sincerely,
